

Foreign students: enrollment in social security

The social security

- As soon as you arrive in France and after university enrolment, you must register on the special website in order to benefit from free health care costs.
- To get the best reimbursement you must have a special insurance called « mutuelle » and declare your referring physician when you go to the doctor's for the first time.
- Depending on your resources, you can benefit from financial help for your insurance. Ask your Caisse Primaire d'Assurance Maladie (Sickness Insurance Fund) or go to the website ameli.fr

Procedures on the site 2/3

- As soon as I get a message giving me a definite social security number (starting with 1 for men and 2 for women)

...

- ... I can download my final affiliation certificate to Social Security.

- Your final certificate is to be kept .

- Remember to send a copy to your complementary health (mutual) ☐

Procedures on the site 3/3

- Once my affiliation is finalized, I realize complementary actions to be refunded faster and more simply.
-  I open my personal account **ameli** on ameli.fr or via **ameli** app on smartphone.
-  I ask for my vital card by providing my vouchers:
 - recent photo ID
 - ID
-  I declare a doctor attending a consultation with a doctor in France.
-  To be better reimbursed, we advise you to take additional health insurance or apply for CSS (Complémentaire Santé Solidaire). The CSS is subject to resources, you can apply online from your account **ameli**.

What is the **ameli** account?

- Your **ameli** account allows you to:
 - Consult your refunds,
 - Order your vital card online and your European Health Insurance Card (EHIC),
 - Make requests for changes of address and bank details,
 - Download your vital certificate,
 - Open your Shared Medical Record (DMP),
 - Exchange with your CPAM if you have questions,
 - Etc
